PROFESSIONAL PROFILE

Detail-oriented AML/OFAC/KYC/Fraud analyst with over 7 years of professional experience across Financial and Healthcare industries. Proven expertise in transaction monitoring, case management, fraud detection, account reviews, and high-risk PEP/negative news screening. Highly proficient in Suspicious Activity Report (SAR) drafting, risk mitigation, and investigation. Integrates technical evaluation frameworks such as Reinforcement Learning from Human Feedback (RLHF) and Computer-Aided Design (CAD) applications into process optimization. Dynamic compliance professional dedicated to enhancing operational controls and driving organizational value.

PROFESSIONAL EXPERIENCE

AML SAR QC/QA Analyst June 2021 – Present

Ezeoks Systems

- Conduct detailed AML, Economic Sanctions, and OFAC investigations, ensuring strict adherence to government regulations and internal controls.
- Review and independently assess escalated cases derived from suspicious activity monitoring and OFAC screening tools.
- Analyze transactional data to identify emerging risk trends, unusual patterns, and potential fraud indicators.
- Perform comprehensive KYC reviews including Customer Identification, Beneficial Ownership, CDD, and EDD protocols.
- Manage suspicious activity cases, drafting and filing detailed SAR narratives within regulatory deadlines.
- Document research findings to support risk-based decision-making and resolve complex financial compliance incidents.
- Apply quality assurance rubrics, RLHF feedback mechanisms, and technical evaluation methods to improve investigative case workflows.

AML / Fraud Analyst July 2019 – June 2021

TD Ameritrade – TX

- Executed Enhanced Due Diligence (EDD) on high-risk customers and coordinated RFIs with Relationship Managers to secure required data.
- Investigated complex fraud cases related to account takeovers, wire transfers, business email compromise, ACH, pre-authorized drafts, and identity theft.
- Monitored institutional transactions, reconciled customer accounts, and coordinated organization-wide fraud prevention strategies.
- Evaluated fraud detection controls and processes to implement long-term risk mitigation strategies without impacting customer experience.
- Ensured full compliance with USA PATRIOT Act, Bank Secrecy Act (BSA), and OFAC regulations during customer and transaction reviews.
- Filed Suspicious Activity Reports (SARs) in strict alignment with regulatory standards and FIU guidelines.
